# Customer Referrals Have Built Our Business

Elite Heating & Air began in 1999 and has built its business from quality workmanship, honesty, and integrity.

We are proud that our business has been built on a referral basis from our customers' satisfaction. Our customer service is second-to-none.

Elite's services include heating and air conditioning installation and maintenance for both residential and commercial customers and full-service plumbing providing residential and commercial services.

We only employ experienced and knowledgeable staff who are dedicated to prompt, courteous and quality service. Rest assured that all our employees have been background-checked, drug-tested, and are experienced and professional technicians.

# Elite Residential Services

Elite Custom Plumbing, is a service and remodel specialist that has been serving the Sarasota/Manatee area since 2007. We diagnose virtually any plumbing problem, from stopping a drip to replacing an entire system. Elite has you covered. We specialize in plumbing repairs, remodeling, water heater installations and repairs, backflow installations, certifications and repairs, and drain line video inspections and cleaning. We have the highest expectations of ourselves and our employees. Our competent staff of experienced technicians is available to provide quick and effective response to your needs. Whether residential or commercial, Elite gets the job done right.

## Residential Heating & Air Conditioning Service

Our residential HVAC services include selling and installing new air conditioning systems, heating systems, hot water heaters, electric heat conversions, as well as installing and repairing gas lines.

We pride ourselves of our knowledgeable staff, same-day service, and professionalism. We service all makes and models so feel free to give us a call to start your service.

## Residential HVAC Installations

Our experienced technicians will ensure a smooth transition from the old inefficient system to a new environmentally-friendly, energy-efficient system. Please give us a call and we will have our estimator out today!

## Residential HVAC Maintenance

Our maintenance technicians are highly trained in providing a thorough inspection and maintenance of your system. Our maintenance agreements can give you peace of mind that your system and air quality is maintained at the highest possible level. Call us for current rates on our maintenance agreements.

Our service technicians are NOT sales people.

## Residential Indoor Air Quality

Improving your air quality can improve your health. At Elite Air, we provide indoor air quality products for your home.

## Residential Pool Heaters

We service and install pool heaters for our residential customers.

# Elite Commercial HVAC

At Elite Heating & Air Inc, our full service commercial air conditioning and heating division is capable of servicing all of your H.V.A.C. requirements.

Having been in business since 1999 we pride ourselves on providing prompt and reliable service with skilled and knowledgeable technicians.

Whatever your commercial H.V.A.C needs may be, our professional staff is ready to assist you in achieving

your goals. From multi-ton chiller repair and replacement to mini-split systems providing cooling to critical area's like I.T. and Server rooms.

We understand the importance of providing the highest quality service possible. We also provide top quality installation as well as equipment maintenance agreements tailored to meet your specific needs.
